THE WARD

A sample layout. Every run builds a new one.

1 START

You wake in a small room on the upper floor.

2 THE CAVE STAIRS

A switchback cave of rock and fire lamps carries you down. Listen for her breathing.

3 POWER DOORS

Red doors stay dead until you find the fuse (Easy and Medium).

4 THE SEALED DOOR

Far west of the ground floor. It needs two rusted keys.
